

Beef Legume Balancer

Type of Feed: Supplement **Form of Feed:** Pellet

General Description:

A pelleted, mineral supplement designed for growing and finishing cattle on legume based diets containing adequate protein.

LAND O LAKES®
BEEF LEGUME BALANCER NM
 FOR GROWING CATTLE

GUARANTEED ANALYSIS

Crude Protein, (Min)	16.0 %
Crude Fat, (Min)	2.0 %
Crude Fiber, (Max)	10.0 %
Calcium (Ca), (Min)	2.0 %
Calcium (Ca), (Max)	2.5 %
Phosphorus (P), (Min)	1.00 %
Salt (NaCl), (Min)	5.9 %
Salt (NaCl), (Max)	7.0 %
Magnesium (Mg), (Min)	0.3 %
Potassium (K), (Min)	0.5 %
Copper (Cu), ppm, (Min)	325
Selenium (Se), ppm, (Min)	5.5
Zinc (Zn), ppm, (Min)	1,090
Vitamin A, I.U./lb, (Min)	50,000
Vitamin D ₃ , I.U./lb, (Min)	12,500
Vitamin E, I.U./lb, (Min)	60

DIRECTIONS FOR USE

Estimate average daily intake of air dry feed (90% dry matter) prior to mixing and feeding so that the desired amount of this product is consumed. Thoroughly mix 4 to 6% of this product into high legume rations as follows:

% PELLET	Pounds per ton	Complete intake of air dry feed (lb/head/day)	
		min.	max.
6.0	120	8.3	20.0
5.0	100	10.0	24.0
4.0	80	12.5	30.0

Feed mixed ration continuously so that each animal consumes not less than 0.5 lb nor more than 1.2 lb this product per head per day.

INGREDIENTS

Grain Products, Processed Grain By-Products, Forage Products, Salt, Plant Protein Products, Molasses Products, Calcium Carbonate, Monocalcium/Dicalcium Phosphate, Zinc Sulfate, Manganese Sulfate, Basic Copper Chloride, Sodium Selenite Ethylenediamine Dihydriodide, Cobalt Carbonate, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin E Supplement, Mineral Oil

Available Additives:

Product No.	Options	Product Names	Active Drug	Active Drug Level
1720056	Non-Medicated	Beef Legume Balancer NM	None	
1720036	R500	Beef Legume Balancer R500	Rumensin	500 g/ton
1720037	R500 H-0.4	Beef Legume Balancer R500 H-0.4	Rumensin MGA	500 g/ton 0.4 mg/lb

Product Features:**Product Benefits:**

2% Calcium, 1% Phosphorous

Provides supplemental calcium to otherwise calcium adequate diets

100% vitamin and trace mineral fortified

Supports skeletal growth and immune system function; meets animal requirements; improves animal performance

Designed to be fed at 1 lb/head daily

Modest supplement cost; improves cost of gain; reduces feed inventory costs

Pelleted

Prevents ingredient separation, helps assure you of consistent nutrient and feed additive delivery

Usage Tips

Beef Legume Balancer is a low calcium, pelleted supplement designed to be used in growing and finishing rations with otherwise adequate protein and calcium. These rations may contain legume hay/haylages or plant protein ingredients (whole soybeans, soybean meal, wet or dry corn gluten feed, etc.).

Recommended feeding rates of Beef Legume Balancer is 1 lb per head daily. Thoroughly mix Beef Legume Balancer with the non-medicated ration prior to feeding. Read and follow label directions.

Key Points

1. Use in growing and finishing diets containing adequate protein and calcium, such as diets containing whole soybeans, soybean meal, or alfalfa hay/haylages.
2. Moderate feed rate lowers cost of supplementation and improves cost of gain.
3. Pelleted to reduce ingredient separation risks.
4. Provides proper level of vitamins, minerals and feed additives when fed according to label directions.
