SAMPLE

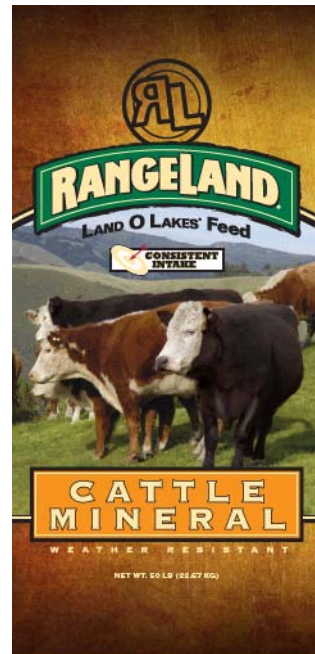

**FEEDING DIRECTIONS**

Feed this product free choice to cattle receiving rations composed largely of grass hay or to cattle grazing range or grass pastures. Optimum intake is 2 ounces per head per day.

Cattle receiving phosphorus deficient diets may over-consume this product when it is first offered. Place the mineral feeder near the water supply or in the animals' loafing area. Put out fresh mineral at least once per week. Feeding free choice salt may be required with this mineral. Provide fresh, clean water near the feeding area.

**INGREDIENTS**

Monocalcium Phosphate, Dicalcium Phosphate, Processed Grain By-Products, Salt, Calcium Carbonate, Plant Protein Products, Potassium Chloride, Lignin Sulfonate, Magnesium Oxide, Silica Dioxide, Mineral Oil, Zinc Sulfate, Sodium Selenite, Iron Oxide, Manganese Sulfate, Copper Chloride, Vitamin A Supplement, Natural and Artificial Flavor, Vitamin E Supplement, Ethylenediamine Dihydriodide, Vitamin D<sub>3</sub> Supplement, Cobalt Carbonate

**Available Options:**

Product No.	Options	Mineral Name
1990216	8% Phosphorus	RangeLand Year Round 8 Mineral
1990224	6% Phosphorus	RangeLand Year Round 6 Mineral
1990217	Altosid, 180 g/ton	RangeLand Year Round 8 Altosid Mineral
1990218	Altosid, 168 g/ton, Aureomycin, 5600g/ton	RangeLand Year Round 8 Altosid AU-5600
1990219	Aureomycin, 5600g/ton	RangeLand Year Round 8 AU-5600 Mineral
1990231	3% Salt, No Selenium	RangeLand Year Round 8 LS NoSe

**Product Features:**

Contains large particle size ingredients and rain protection

Contains 6 or 8% Phosphorus which fits well into year-round mineral supplementation depending on forage quality in most geographic regions

Moderately high magnesium levels (3%)

Provides optimum levels of trace minerals at a 2 ounce consumption rate

**Product Benefits:**

Resistant to wind losses and rain damage.

Provides necessary phosphorus, vitamins and other trace minerals for improved growth rate and reproduction

For mature cows and stocker cattle

Aids in disease prevention, improves fertility, and promotes fetal development

Improves palatability, better palatability helps maintain consistent feed intake.

**Usage Tips**

RangeLand® Year Round Mineral can be fed to all cattle on medium quality range or grass. Optimum intake is 2 oz. per head daily.

To assure adequate mineral intake, **remove all other mineral products.** Have an adequate water supply available and place the mineral feeder near the water supply or in the animals’ loafing areas. Put out fresh mineral at least once a week.

**Key Points**

1. Resistant to wind loss and rain damage.
2. Ideal for breeding and growing cattle on medium-quality range or grass pasture.
3. Use one mineral for whole herd; lactating and breeding cows, replacement heifers and bulls, or summer stocker cattle.
4. Complete macro mineral, trace mineral and vitamin supplement.
